**Permission for Publication of Student Work/Pictures**

Trinity Lutheran School maintains a website on the internet, [www.trinityindy.org](http://www.trinityindy.org). The site is a means for communicating information and advertising our school. I understand that from time to time Trinity may wish to publish examples of student projects, photographs of students, and other work on its website for these reasons. The website is a chance to have their work published and shared worldwide. This is a great way for out of town friends and relatives to keep in touch with the events at Trinity and have a means to view and enjoy student work.

Only the student's first name will be used for publication of a student's work to maintain privacy for that student. Parents will also be notified by a teacher when their child's work is published on the website.

\_\_\_\_\_ My child's work and photographs can be published on the Internet at Trinity's website.

\_\_\_\_\_ I would prefer that my child's work and photographs not be published on the Internet.
